- Due to the timing of this event in September, event expenditures extend over two fiscal years. For accounting purposes, expenses associated with the event in September are required to be reported and reconciled no later than November 30<sup>th</sup> of that fiscal year. The remaining fund balance (after accounting for first quarter expenses minus revenues associated with the event) will be available for the budget of the event in the following fiscal year.
- Beginning January 1<sup>st</sup>, funds remaining in the account are available to spend for the next year's event. These expenditures will be identified in the budget for the upcoming event (as example, expenditures from fiscal year budget 2021-2022 for the planned upcoming September event in fiscal year 2022-2023 will be identified as expenditures for the 2022 Celebration).
